

Special thanks to the BusinessWatch team! The Royal visit went like clockwork; Andy, Neil, Melvyn and Sherman are a credit to BusinessWatch.

A fire arm officer even complemented the team.

Melvin Webb, Site Manager

Peterborough Regional College

Based in the heart of Cambridgeshire, Peterborough Regional College and its on campus partner University Centre Peterborough is the largest education campus in the region.

The campus offers a wide choice of innovative programmes and specialises in courses which prepare students for employment or for furthering their career prospects.

Case Details

Background

Peterborough Regional College were gearing up for a Royal visit by the Duke of Gloucester KG GCVO. The main priority was setting and helping to keep relevant routes clear of people and vehicles and supporting the close protection security that The Royal Party brought with them.

What did BusinessWatch do?

We supplied Peterborough Regional College with additional security guarding and advice on this very special day. We understand the importance of planning so we carried out various pre-planning meetings with the college and close protection team to ensure that everything on the day ran like clockwork. We even changed the guarding attire for the day in-line with customer requirements to ensure everything was perfect.

About BusinessWatch Security Guarding

When it comes to securing your business premises one of the most effective deterrents is stationing a uniformed guard at the entrance. Employing a uniformed guard can also make staff and visitors feel calm and safe.

BusinessWatch are specialists in business security, providing highly trained, professional and discreet guards on a flexible basis to meet your specific resource requirements.

We supply:

- Mobile Patrols
- Dog Handlers
- Rapid Response Guard Service, Alarm Response & Keyholding
